AMENDMENT

In response to the Office Action dated May 20, 1997, please amend the above application as follows.

In the Claims

Amend the following claims as indicated:

2. (Once Amended) A [teleconferencing system for conducting a teleconference among a plurality of participants having workstations with associated monitors for displaying visual images, and with associated AV capture and reproduction capabilities for capturing and reproducing video images and spoken audio of said participants, said workstations being interconnected by a first network, said network providing a data path for carrying digital signals among said workstations, the] teleconference system, comprising:

(a) a teleconferencing manager [for] configured to manage [managing] a teleconference among [said] a plurality of participants, wherein at least one of [said] the participants is a multimedia service [for either] configured to:

I hereby certify that this correspondence is being deposited with the United States Postal Service with sufficient postage as first class mail in an envelope addressed to the Assistant Commissioner for Patents, Washington, D.C. 20231, on November 20, 1997.

Date: Nov 20, 97
